Enroll at our school but study at four other prestigious Mainland Chinese business schools with waived tuition.

We are very pleased to announce that Chiao Tung has just signed an agreement with all four Jiao Tong universities in Mainland China and two universities in Hong Kong that allow students in Taiwan’s Chiao Tung to work on their MBA degree in Mainland China and Hong Kong as well as their MBA in Taiwan. The university name “Chiao Tung” is spelled Jiao Tung in Mainland China. Signing this agreement provides the exciting opportunity to study in the ancient Chinese cities of Xian, Chen-du, Beijing, Shanghai and Hong Kong. Each of these cities is located in a different part of China and is steeped in history and culture. Students can attend classes at the universities in these locations and work on research with professors and graduate students of those universities. It is even possible to attend all these universities, staying one to two months in each place before continuing to the next university. All of the Jiao Tong universities are recognized as being among the top in China and Shanghai Jiao Tong is ranked in the top five for East Asia by Asia Inc. Shanghai Jiao Tong possesses the first ever International MBA program in Mainland China. Students from around the world study here in English and giving the whole experience an international flavor. This agreement allows students of Taiwan Chiao Tung to spend time studying at any other of the Jiao Tong universities after spending one year studying in Chiao Tung in Taiwan. This provides a unique opportunity to make connections with large businesses in Mainland China who actively recruit from all Jiao Tong Universities and with the future leaders of Mainland China, many of whom train at Jiao Tong. There is also the possibility of setting up internships with these companies that allow even a deeper education into the workings of the Mainland Chinese business system. This is another way in which studying at Chiao Tung in Taiwan provides a very convenient way to access China and study in a completely Chinese environment.

Generally, the cost of tuition is waived for students of Taiwan’s Chiao Tung attending the business schools of Mainland Jiao Tong universities. Dormitories may also be arranged for those wishing to study in Mainland China. Airfare and food will be the responsibility of the student. These arrangements give the international student a very low cost alternative to education in most Western countries. Chiao Tung has also signed a similar cooperative agreement with two other top ranked universities; the university of Hong Kong and the Chinese university of Hong Kong. In our agreement with the Chinese University of Hong Kong, however, tuition is not waived under our present agreement. These agreements allow students to experience China, Taiwan and Hong Kong while exposing them to the subtle differences in each of these unique areas.

Following are the web sites of the four Jiao Tong university business schools in Mainland China and the two business schools in Hong Kong which we have an agreement with:
